Introducing  
a  
**NEW**  
system  
of  
shopping

# Here's how it works

This catalogue contains thousands of items of merchandise, most of which are well known brand names which we buy in large quantities. It is all NEW merchandise in original factory cartons. We invite you to browse through these pages—then come along to one of our "new look" Catalogue

Showrooms. Here you will find a wide range of the merchandise on display for your examination. If you wish to make a purchase, we ask you to fill in a simple order form and after you have paid your bill at the cash desk—your order will be handed to you.

## Dramatic Savings

Because of the simplification of handling your order, we save costs as follows:

We need less shop space—so we save a lot of rent and our overheads are greatly reduced.  
We need fewer staff—so our total wage bill is much lower.

A computerised central warehouse has been perfected, again dramatically reducing our overheads.

By selling more goods at lower prices we have the great advantage of bulk buying on the lowest possible terms.

TO MAKE DRAMATIC SAVINGS ON EVERYTHING YOU MAY NEED FOR YOURSELF OR YOUR HOME. EVERYTHING FROM DISHWASHERS TO AMONDS—CAMERAS TO CANDLESTICKS.

## Utmost Convenience

This catalogue enables you to choose whatever you require in the comfort of your own home or at your office. From this vast selection you will be able to choose quality items for every need, purpose or occasion. For instance, choosing Birthday, Christmas or Wedding gifts is made so much easier. Instead of tramping around, you can make your shopping decision from this catalogue and be served at one of our "new look" Catalogue Showrooms. Everything at such low prices—at first you may find it all difficult to believe—so call in and see us and prove it for yourself—you are welcome—anytime.

WE REGRET THAT DURING THE LIFE OF THIS CATALOGUE, CERTAIN ITEMS MAY BE TEMPORARILY UNAVAILABLE DUE TO THE WORLD SHORTAGE OF MATERIALS OR TO MANUFACTURERS' PRODUCTION PROBLEMS. WHEREVER POSSIBLE A SUITABLE ALTERNATIVE WILL BE OFFERED. WHILST EVERY ENDEAVOUR WILL BE MADE TO MAINTAIN THE ARGOS PRICES FOR THE LIFE OF THE CATALOGUE, WE RESERVE THE RIGHT TO MAKE ADJUSTMENTS IN THE EVENT OF CIRCUMSTANCES BEYOND OUR CONTROL. FOR EXAMPLE, CHANGES IN VALUE ADDED TAX, THE PRICE OF RAW MATERIALS OR FLUCTUATIONS IN WORLD CURRENCIES.

## THE CATALOGUE SHOWROOMS

Most Argos Catalogue Showrooms are modeled after the one shown on these pages. A service with prices so low that at first you will find them difficult to believe—call in any time and browse around—we are always pleased to see you.

# Prices

We purchase all goods in large quantities at lowest possible prices. By using the latest computer techniques we cut our overheads yet again. This means we can offer you a range of merchandise for every use and occasion at **GREATLY REDUCED PRICES**.

The Argos prices quoted in this catalogue are, where possible, shown against Manufacturers' Recommended Prices. However, in cases where manufacturers and suppliers do not make such recommendations, we have determined, in consultation with them, a price at which the goods might normally be expected to sell. This price—called **Competitive Retail Price**—is not, therefore, a Recommended Retail Price in terms of the Trade Descriptions Act, 1968. Whilst every endeavour will be made to maintain Argos' prices for the life of the catalogue, we reserve the right to make adjustments in the event of VAT changes or for any other circumstance beyond our control.

The information contained in the catalogue has been compiled with all possible care, but Argos Distributors Limited do not hold themselves responsible for errors or omissions.

All sizes and capacities quoted are approximate.

# Argos Guarantee

Argos promise to exchange, refund or credit their customers for any unused items (except toys) within 14 days of purchase—or 30 days in the case of demand jewellery. This is in addition to the rights enjoyed by all customers under the Sale of Goods Act 1993 as amended by the Supply of Goods (Implied Terms) Act 1973.

To take advantage of the special Argos guarantee, all you have to do is put the item, unused, back in the carton, and return it to ARGOS within the specified period together with the receipt. So please retain both carton and receipt until you are satisfied that your purchase suits you or your home.

# How to shop at Argos

**1. Begin with this Catalogue**  
In this catalogue you will find a wide range of top-quality items with descriptions and prices. You can study it all leisurely in your home or office before deciding on the items you wish to purchase.

## 2. Visit an Argos Catalogue Showroom

When you have made up your mind, visit one of the Argos Catalogue Showrooms from which your choice is available. Here you can confirm your selection. You then complete a simple Order Form, available on the catalogue write-up desk. At the top of each Form is an example-order completed for your guidance. Should you require further help (such as with an Argos Credit Plan application) our staff will assist you.

## 3. Use the Catalogue Write-Up Desk

When completing the Order Form please check your entries against the information in the catalogue on the desk, making sure you enter the correct catalogue reference number and quantity you require. However, should you be purchasing jewellery, photographic or radio/T.V. products, please go straight to the appropriate counter where specialist assistance is available.

## 4. Orders

Having completed your Order Form, you go to the section marked **ORDERS**. Here the assistant will check that your choice is in stock. Once your order has been verified you move to the section marked **CASHIER**.

## 5. Pay at Cashier

Here the Cashier will total your order and accept payment. If you are paying by Barclay or Access Credit Card, the Cashier will complete the required form and request your signature in the normal way. If you are paying by cheque, you will, of course, have to provide proof of identity, i.e. driving licence or Banker's Card. Cheques up to £30 are accepted immediately for larger amounts the normal bank clearance period is necessary.

## 6. Collect Your Order

Whilst you have been paying your bill, your order has been taken from the stock room to the collection area for you—it's all as simple as A.B.C.

# Buy with Confidence

Our aim is to provide famous brand-name merchandise at low Argos prices not just for special sales events but **EVERY DAY OF THE YEAR**. We invite you to visit our 'New Look' Catalogue Showrooms at any time—you are always welcome!

# PARAGON

FINE TRU-PURPOSE from famous makers. A word about quality. China is available in a wide range of pieces. This category is called bone china. This means it has been glazed only once and can be recognized by a slightly rougher feel. It is also better able to break into really small pieces. Most china is twice fired. Having been glazed before, resulting in a more resistant finish.

It then goes through a process which we call "seasoning". This means that all pieces are examined and only the best are selected for shipment. Cheaper grades available elsewhere are NOT selected.

After this process very according to the strength of each piece. Pieces are 100% guaranteed and the utmost care quality of construction.

WE SELL ONLY THE BEST AND SELECTED QUALITY.

# The Diamond...

**THE GIFT OF A DIAMOND...** is a treasured expression of lasting love. The presentation of this most precious of all personal gifts brings wonderful memories of the happy occasion as well as a lifetime of enjoyment and pride.

## THE DIAMOND... THE ADVISABLE INVESTMENT

Diamonds appreciate in value and last forever. And diamonds mounted in an exquisite piece of jewellery make your investment an enjoyable pleasure as it increases in value.

**THE STORY OF DIAMONDS...** goes back over 2,500 years. The diamond is simply carbon that, under, through heat and pressure, transforms into diamond crystals. They are found in volcanic "pipes" hundreds of feet below the earth. In mining, tons of material must be dug to liberate the diamonds. Only 20% of the diamonds mined are gem quality. A diamond cutter unlocks this beauty. He shapes the stone and grinds tiny facets, at precise angles, to properly reflect light for brilliance.

**HOW TO BUY A DIAMOND** Diamonds come in all sizes and prices. Four prime factors determine the value of the diamond: Color, Clarity, Cut.

**CARAT**... is the unit of weight in diamonds. The larger the diamond, the carat it is, so the larger the diamond, the more it costs and the more it costs per carat. Most popular engagement diamonds are measured in points less than a full carat.

**COLOUR**... may be any colour of the rainbow, but most are white with degrees of colour visible only to the eye of an expert. Diamonds are usually valued in relation to the intensity of their colour, brilliance and luster.

**CLARITY**... Most diamonds contain natural imperfections, specks or other inclusions formed by nature in the process of crystallization. A flawless diamond is one in which no imperfections are visible to a trained eye when the stone is magnified ten times.

**CUT**... applies both to the shape of a diamond and to the accuracy with which its facets are ground onto it. Perfect cut means that the facets are placed with mathematical precision for maximum brilliance, fire and scintillation. The most popular shapes are the Round or Round, Emerald cut, Marquise and Pear shape.

Due to difficulty in supplying a diamond of the EXACT weight the price may vary accordingly. You will be involved for the EXACT weight of diamond we supply to you.

**BUY WITH CONFIDENCE—WHY WE CAN SELL FOR LESS.** We buy direct from the manufacturers. You pay less because we cut out the middle man. We have determined in consultation with the manufacturer at our jewellery and our own valuation experts a **COMPARATIVE PRICE** at which each item of jewellery could reasonably be expected to be sold in normal retail circumstances. This comparative price, based on traditional mark ups, is quoted in the catalogue to enable you to make a comparison with the Argos price.

**LOWER MARK UPS.** We are willing to work on a lower mark up because diamonds are not our only business. Once you are happy with an ARGOS purchase you will continue as a customer.

**VALUER'S CERTIFICATE.** Each diamond ring is accompanied by a VALUER'S CERTIFICATE stating general market value at the time and by the COMPANY'S GUARANTEE which clearly states description of diamond purchased and the Company guarantees to exchange, credit or refund the purchase price if you are not completely satisfied within 28 days of your purchase.

**FREE INSURANCE.** In addition to the valuer's certificate and guarantee you receive with each diamond ring up to £1,000 in value we also give **ONE YEAR'S FREE INSURANCE.** This insurance covers the loss of the ring within certain conditions, and guarantees to replace the ring to its full value at ARGOS. This insurance is valid for one year from the date of purchase.

At 9, 18 and 22 carat gold items bear the official **HALLMARK** as laid down by Acts of Parliament 1854, 1926 and 1973 respectively.

**RING SIZE.** We offer a 3-4 day ring sizing service for your convenience.

**GOLD AND DIAMOND PRICES.** The world-wide market for diamonds and gold is subject to change. We reserve the right to adjust our prices accordingly at any time.

**DIAMOND SIZES.** All diamonds are a natural product of the earth. They vary a great deal in size.

No two diamonds are alike. We therefore keep a stock of all sizes and carat weights available to us at the time. The above prices are examples only. Ask to see our range. You will be charged for the exact weight and quality we supply at ARGOS low, low prices.
